Our speaker – Mick Douglas

Please join the SACC - Ohio as we welcome [Mick Douglas of Binary Defense Systems](#) who will be presenting on the topic of Cybersecurity. Mick is the Practice Lead for the Incident Response (DFIR) team at BDS. He teaches SANS SEC504 and SEC550 courses and is responsible for improving detection capabilities from attackers within BDS customers and product lines, as well as handling general defensive ninja stuff for BDS. Prior to joining BDS, Mick was a Senior Security Analyst and Research Specialist at Black Hills Information Security. Mick Douglas has been working in the information security field for over a decade. He received his bachelor's degree in Communications from The Ohio State University and holds multiple security certifications.

When he's not "geeking out" you'll likely find Mick indulging in one of his many hobbies, such as photography, scuba diving or hanging out in the great outdoors.
